16/16.5

# How to Measure using a cloth tape measure

#### NECK SIZE

Wrap the measuring tape around the neck where a shirt is usually buttoned, snug but not too tight (leave enough room to get one finger under tape)

# ARM LENGTH

With the person's hand on their hip, measure from the center of the back neck, across shoulder and over the end of the elbow to the bend of the wrist. Blousecoats: measure from shoulder to the bend of the wrist

### **CHEST**

1" below arm, measure around the chest, snug but not too tight

#### BUST

Measure under arms and across the shoulder blades at the fullest part of the bust

# WAIST

Measure over shirt (not over trouser) at the height you wear your trousers; wrap measuring tape around waist, snug but not too tight (leave enough room to get two fingers under the tape)

#### HIP

Measure 5" down from waist measurement, around hips

#### **SEAT**

Measure snugly at the fullest part of the seat

# **INSEAM**

Measure the inseam of an existing trouser that fits you well; measure from inside crotch to inside bottom edge

# TORSO CIRCUMFERENCE

Measure from high point on shoulder around back, under crotch and up to starting point on shoulder
